## AT PROJECT 1000 WE WORK TOWARDS ACHIEVING TRULY SUSTAINABLE PRODUCTS

- All the fabric yarn we use is either 100% *Natural Cotton* or *Functional* (a combination of fibres from cotton, bamboo, hemp, recycled pet bottles, etc).
- Some of this fabric yarn has been processed using 100% Natural Herbal Dyes.
- All our Hosiery Fabric Yarn is obtained from salvages from our fabric knitting and processing unit certified by BCI & GORTEX, Higg Index and Cotton USA.
- **Our training program is based on UPCYCLING. Here, we creatively reuse the factory wastage to create aesthetic, usable, high-quality Home Decor and Lifestyle products.**
- We wish that people indulge in *Responsible Shopping* and *Responsible Gifting*. We need customers to support small businesses that empower rural artisans. This would boost skill development and result in GAINFUL EMPLOYMENT. It is the first step towards alleviating poverty.
- Furthermore, we aim to popularise sustainable living by creating products having multiple uses. This makes it easier for customers to REUSE products instead of quickly disposing of them. This would create more value and be the first step towards achieving zero wastage.

The skillful weaves attained by the deft and nimble fingers of the empowered women of Murbad have created such a beautiful tapestry over the years that instantly brings to mind the rich colours and ethereal beauty of paintings of the Great Masters. Our designs have imbibed bold and vibrant colours. Inspiration drawn from nature itself, in line with our philosophy of closeness to mother nature. The excellence of the great artists was in the propriety, beauty and majesty of their characters in the painting, and in the correctness of drawing and purity of taste. These are cornerstones for Project 1000 while designing products, with great emphasis on propriety and purity of design and utility.
