AT PROJECT 1000 WE WORK TOWARDS ACHIEVING TRULY SUSTAINABLE PRODUCTS

- All the fabric yarn we use is either 100% *Natural Cotton* or *Functional* (a combination of fibres from cotton, bamboo, hemp, recycled pet bottles, etc).
- Some of this fabric yarn has been processed using 100% Natural Herbal Dyes.
- All our Hosiery Fabric Yarn is obtained from salvages from our fabric knitting and processing unit certified by BCI & GORTEX, Higg Index and Cotton USA.
- **Our training program is based on UPCYCLING. Here, we creatively reuse the factory wastage to create aesthetic, usable, high-quality Home Decor and Lifestyle products.**
- We wish that people indulge in *Responsible Shopping* and *Responsible Gifting*. We need customers to support small businesses that empower rural artisans. This would boost skill development and result in GAINFUL EMPLOYMENT. It is the first step towards alleviating poverty.
- Furthermore, we aim to popularise sustainable living by creating products having multiple uses. This makes it easier for customers to REUSE products instead of quickly disposing of them. This would create more value and be the first step towards achieving zero wastage.
